

How to Download eBooks to a computer or Nook or Sony eReader using eRead Illinois (Axis360)

You will need:

- Clarendon Hills Public Library card and SWAN PIN number
- Compatible computer and ereader device such as Nook or Sony e-reader. (See separate instruction sheets for Kindle Fires and tablets.)
- Adobe Digital Editions software (free)
- Adobe ID Account

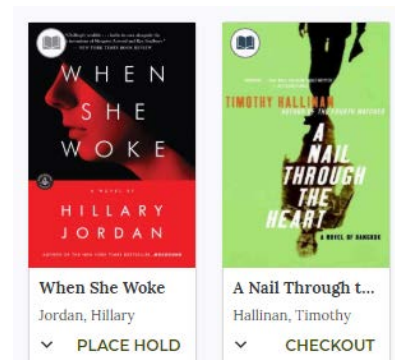

To Begin:

- Download Adobe Digital Editions software to your computer: www.adobe.com/products/digitaleditions/.
- Create an Adobe ID and authorize Adobe Digital Editions: www.adobe.com/cfusion/membership/index.cfm

LOGIN: On a computer, go to eRead Illinois at <https://cns.axis360.baker-taylor.com/>. In the top right corner, click *Login*. Enter your library card number and tap *Login*.

BROWSE: If you have a specific title or author you are looking for, use the search box. If you would like to browse by subject, click on the 3 horizontal lines in the top left corner and then click on the *Browse by Subject* link. eBooks will have an *open book icon* in the corner of the book jacket. A black *book icon* means the item is currently available for check out and a grayed-out *book icon* means the item is already checked out, but can be placed on hold.

CHECK OUT: If you are interested in a book, click on the book jacket. To check out an available book, tap the *Checkout* button by the book. Confirm checkout and click on the *Download* button. The book should open in Adobe Digital Editions (which you should have already downloaded to your computer).

READ: To read the book on your computer, access the book through Adobe Digital Editions. Please note that you can also stream the book through a web browser on your computer by clicking on *Read Now* link instead of *Download*.

To read the book on an ereader device such as a Nook or Sony ereader, you will need to transfer the book from Adobe Digital Editions to your device.

To transfer an ebook to an ereader:

- In the upper left corner of Adobe Digital Editions, click *Library*.
- Connect your ereader to the computer via USB cord.
- An icon for your device will be displayed in the left menu under *Bookshelves*.

- Click on the ebook and drag it to your device icon. A green plus sign will appear. Release the title and it will be transferred to your device.
 - Eject your device from your computer. The title should now be available to read on your device. You may have to sync your device or check its archives, if you do not see your title right away.
-
- **RETURN:** To return a book early, right click on the ebook cover in Adobe Digital Editions and select *Return Borrowed Item*.
-

eRead Illinois Loan Rules:

- You can have 5 items checked out at a time and up to 5 holds placed at a time.
- Items check out for 14 days.
- When a hold comes in for you, you will receive an email letting you know that you have 2 days to go into your eRead IL account and officially check out the item.
- There are no late fees.
